- Fanless !

**DRIVE B202 - Take your classroom anywhere**

DRIVE B202 is an easy-to-use device designed to access, store and distribute digital content, providing quick access to stored learning material. Thought out for scenarios of low or no connectivity, it is the ideal device for internet-restricted locations. Power adapter includes a surge protector to protect the device from voltage spikes. Semi-rugged design (IP41) makes it resistant to dust and liquid spills.

- Access point that supports up to 50 connections
- Content Server purpose-built for Education
- Small and portable
- Back up battery (up to 4h45m)
- Semi-Rugged design -IP41

Including 2 years Pick-Up & Return Service: We grant 2 years warranty on the delivered device, including free pick-up & return service in Germany, France, Portugal and Spain. If material or manufacturing defects occur during this period, we will pick up the defective device from you free of charge, repair or replace it and then provide you with the device again.
